## Kwara Camp Okavango Delta

Kwara camp is situated on the edge of the permanent waters of the world renowned Okavango Delta in Botswana, and shares a common boundary with Moremi Game Reserve. Due to the specific location of the camp, Kwara is able to offer, power boating, mekoro (dug out canoe) trips, walks and game drives - all year round. In addition Kwara is in a large private concession enabling the game drives to operate both off road and at night.

The teak furniture created by Zimbabwean master craftsmen is elegant, comfortable and simple. Most of the tents are raised on teak decks to afford views over the surrounding plains and lagoon with the resident hippos. The camp consists of 8 luxury tents accommodating 16 guests. There is one honeymoon suite. The camp setting, in a tall treed island, on the edge of the Okavango Delta completes the picture of this special camp.

The Okavango Delta is a 1.6 million ha wilderness of water, reed, tress and flood plains in the middle of the Kalahari sands - the largest block of sand on earth. The Delta is world renowned for its biodiversity and contrasts - a must see on any African safari. Kwando Safaris was founded to give our guests a true African safari - just what you would expect - but more.

- 8 Luxury ensuite tents.
- Game drives, night drives, walking safaris and boating/ mekoro safaris all possible.
- A plunge pool.

### Our View

Kwara Camp is a really great camp set in a great area of the Okavango. As we wrote in our report on Little Kwara, what we really love about Kwando is their dedication to the client experience. They focus so much on the quality of their guides and providing a real safari atmosphere in camp that they have become incredibly well regarded by safari connoisseurs. The location is just as good and with easy access to main river channels of the Okavango they have the full range of activities on offer. We do prefer Little Kwara as the camp is just that little bit more intimate... but we have always loved Kwara!
