

Little Kwara Camp Okavango Delta

Little Kwara Camp is situated in a tree'd island on the edge of the permanent waters of the world renowned Okavango Delta in Botswana. The concession shares a common boundary with Moremi Game Reserve.

This brand new camp is an intimate four-tent camp and is consistent with the Kwando Safaris promise: - Intimate Camps, in Private Areas, with Personal Service - Vintage Africa. Hidden amongst trees, access is by air via the Kwara airstrip. While the camp will share a name with the well known, 16 bedded Kwara Camp also operated by Kwando Safaris, Little Kwara Camp is a completely separate camp from Kwara.

The tents are spacious, and are elevated into the tree canopy on wooden decks each with its own private veranda. Each tent has its own en suite facilities comprising bathroom with bath and an inside/outside shower. This is an ideal camp for exclusive use by small groups and families. The presence of permanent water at Little Kwara ensures excellent year-round game viewing.

The permanent water also ensures that mekoro trips (dugout canoes) can take place in shallow water throughout the year. The Okavango Delta is a 1.6 million ha wilderness of water, reed, trees and flood plains in the middle of the Kalahari sands - the largest block of sand on earth. The Delta is world renowned for its biodiversity and contrasts - a must see on any African safari.

- Intimate 4 tent camp.
- Game drives, night drives, walking safaris and boating/makoro safaris all possible.

Our View

Little Kwara is the new sister camp to Kwara itself and again, Kwando have come up with the goods! The main reason we love Kwando is their dedication to the client experience. They focus so much on the quality of their guides and providing a real safari atmosphere in camp that they have become incredibly well regarded by safari connoisseurs. The camp is unpretentious, intimate and authentic and the game area, with access to big river safari, is some of the best wet Okavango areas around. So Little Kwara does not let you down, carrying all the quality we expect from the Kwando tag; a great little camp.
